

IB Class 2024 – Freshman Geometry

Extra Help and Summer Meeting Online

In order to help with the math questions I will be available online. Please read info carefully.

You can email me to request help at krueger.d@monet.k12.ca.us

When you have a Modesto City Schools ID you may do the following:

1. <https://mcs.schoology.com/login/ldap?&school=48145721>
2. Go to course: IB Class 2024 and click on the link for Conferences on the left.
3. Here you will find upcoming conferences for this summer. My conferences will be named “IB Geometry” followed by the date of the conference. On that date (from 10-11 a.m.) the link will become active and you can select it to talk to me face to face. I will try to do a conference at least once every two weeks or by request. Conference days will vary, check on Schoology for specific dates.
